PRODUCT FEATURES

■ Maintenance-free BLDC motor

With BLDC motor, ZL J1100 is more energy efficient by greatly improving the productivity while saves 40% of electricity.

■ Ergonomically design

The easy-to-understand operation panel with a chronometer and waterproof buttons achieves better ergonomics. It comes with additional storage space for file holders or a bottle of water.

■ Driving safety assurance

ZL J1100 is CE certified with the emergency brake switch. Better safety can be ensured by the reversing buzzer and the operation warning light.

■ Perfect for all kinds of pavement and poorly lit areas

ZL J1100 is the perfect sweeper for large industrial plants and parking lots. With pressure-adjustablerollers/brushes, friction-resistant dust proof rubber strip and LED light, it works on all kinds of road day and night, and even in poorly lit areas.

■ Excellent cleanliness with little dust

ZL J1100 is equipped with powerful water spray. The function not only does a better job cleaning the road but also prevents dust from spraying back into the air.

PRODUCT PARAMETERS

content	parameter	unit
Cleaning width	1150	MM
Main brush length	500	MM
Side brush diameter	400	MM
Package size	L1350*W800*H1200	MM
turning radius	1200	MM
water tank capacity	40	L
Dustbin capacity	50	L
drive power	800	W
Main/side brush motor power	780/90*2	W
working speed	0-8	KM/H
walking speed	44055	KM/H
Climbing capacity	25	%
Working capacity	6000	M²/H
continuous working time	43990	H
Battery capacity	48/65	V/AH
Net weight	280	KG
